Hi family!

As acting secretary I have only to report that Todd and I got the keys mixed up for the PO box. We'll be correcting that at this meeting.

As web site coordinator I can report we now have hosting for a year. I gave out ten schedules at a church, and that gave us a very good day with fifteen visits to the web site. Current traffic is very low, even though the site is being pushed to Google. A reintroduitory mailing would really help drive up traffic again, which in turn builds higher rankings on search engines.

Please remember to put our web site URL at the bottom of your flyers. An event on our web site does something a flyer never can, connect a visitor directly to Google navigation on their smart phone. The Pig Out location is on the web site.

That's it.

In loving service,

Joe G.
